

## Living e-commerce

Netensio is a prominent software development and IT services company based in Stuttgart, Germany. It has a comprehensive, flexible ecosystem of tools and community resources that let shop owners easily push their systems to the state-of-the-art and developers easily build and deploy upon our applications.

# FOR YOUR DIGITAL BREAKTHROUGH

## Thinking e-commerce holistically

New trends, technological developments and continuous changes on the market - hardly any other industry is as dynamic as e-commerce.

Only through a holistic approach, individual strategies and efficient systems can you secure long-term competitive advantages and increase your company's success.

Netensio stands for holistic solution competence and for the optimal interaction of all e-commerce components. As a certified OXID eShop partner agency, we develop, accompany and support your e-commerce projects from the initial idea to the finished online shop.

We combine conception, development and implementation into a holistic process and create an optimal shopping experience for your customers.

**Michael Felber**  
Owner

As the owner and front man of Netensio, I personally take care of the comprehensive customer advisory service, the commercial organisation of the agency and, of course, a unique team spirit.

# ABOUT US

## Who we are

Enthusiasm, professionalism, creativity and quality is our claim.

As an experienced e-commerce agency, we develop intelligent digital solutions that are optimally tailored to the needs of our customers. In doing so, we are united by a passion for recognising and exploiting opportunities in the digital era.

With a team of creative and technically skilled minds, we combine appealing designs with sophisticated technologies and optimally stage our clients' brands.

# SERVICES

## We can do that particularly well

Are you looking for a solution to optimise your online shop? Or would you like to integrate a new sales platform into your system environment?

As a full-service OXID eSales partner agency, we offer you all-round support - everything from a single source!

### Strategy & Consultation

We support you in the development and expansion of your online business and jointly develop a roadmap for your digital strategy.

By analysing your processes, we uncover existing potential for optimisation.

### Development & Integration

With a lot of experience and strong technologies we support you in the development of your e-business.

From individual shop functions, warehouse management, data transfer and the integration of third-party systems.

### Template development

On the basis of the developed concept, we develop a look & feel that sets your shop in the best possible way.

Current design trends and technologies, as well as the optimisation of user-friendliness and performance are the focus here.

### Training & Support

If you wish, we will be happy to provide training on the OXID eShop product family at any time.

In addition, we accompany you as a reliable partner during go-live with intensive and personal follow-up support.

# 5 GOOD REASONS

## Why you should work with us

01

### Everything from one source

We are OXID specialists - as a full-service agency with a focus on e-commerce, web development, design and process optimisation we support you from the first idea to go-live and beyond.

02

### Digital solutions of tomorrow

With best-practice solutions and a flexible e-commerce platform, we create an optimal shopping experience for your customers.

03

### Clear concepts

Everything starts with an idea. We accompany with professional know-how, clear concepts and a feel for the matter.

04

### Motivated experts

Our highly motivated team of developers, technicians, strategists and designers develops forward-looking, digital solutions together with you.

05

### Successful communication

Open, honest communication with our clients and within our agency is a matter of course for us and contributes to our success in the long term.
